

## **INCLEMENT ROAD CONDITION POLICY**

In the event of inclement road conditions Pea Ridge Schools will begin busing students as soon as the major paved roads are deemed safe for travel. During the time the policy is in effect the school will monitor roads and return them to normal routing as safety permits.

If you live in a rural location, on a gravel road, or a steep hill buses will err on the side of caution and not travel on that part of the route until the administration has inspected the path for safety. If your road was not traveled in the afternoon then it will not be traveled the following morning and assessments will be made during the course of the school day.

Notifications will be sent out via the School Reach system and BC Alert as needed.

If you have questions please call 800-451-4188
